AMIT BEHERA

ANDROID DEVELOPER | FRONTEND DEVELOPER

259 Sri ram soc, varacha kapodra Surat, 395006 | ph: 9723329203 | amit1028behera@gmail Github Linkedin

SUMMARY

Passionate Android Developer with strong knowledge of Kotlin and Jetpack Compose for building modern native Android applications. Skilled in developing responsive mobile UIs using Material Design principles, implementing MVVM architecture, State Management, Navigation Compose, REST API integration, Firebase, Room Database, Coroutines, and Dependency Injection with Hilt. Quick learner with strong problem-solving abilities and a passion for writing clean, maintainable, and scalable Android applications.

TECHNICAL SKILLS

Kotlin	Kotlin Coroutine	Android Studio
Java	Room Database	Git
jetpack Compose	SQLite	Firestore
State Management	Retrofit	Antigravity

PROFESSIONAL EXPERIENCE

Jr. Android Developer(intern), Vnurture Technologies January 2025 - Mar 2025

- Learned Android application development fundamentals.
- Worked with Kotlin programming language.
- Built UI screens using Jetpack Compose and Android components.
- Worked with REST APIs and application debugging.

Jr. IOs Developer(intern), Kartum Infotech June 2019 - August 2019

- At this time learn about swift programing and ios development workflow.
- practise ios application development components and Layouts.
- work with the ios developers and understand app architecture with swift uikit .

EDUCATION

Bachelors ofEngineering, CSE **Completion Year - March 2025**

Gujarat Technological University

- cgpa 7.1

Diploma of Engineering, CE **Completion Year - May 2020**

Uka Tarsadia University

- cgpa 8.32

PROJECTS

E-Commerce Application)

TechStack: Kotlin, Jetpack Compose, Room Database, Retrofit, Hilt

- Developed a responsive e-commerce app
- Create product listing and product details pages.
- Built shopping cart functionality using .
- Created reusable UI components for scalability.

News Application

TechStack: Kotlin, Jetpack Compose, Retrofit,

- Built a responsive news application.
- Integrated external REST APIs.
- Implemented category-wise news filtering.
- Added search functionality.
- Designed reusable Android components.

Recipe Application

TechStack: Kotlin, Jetpack Compose, Retrofit, Firebase

- Built a responsive recipe application.
- Integrated external REST APIs.
- Implemented category-wise news filtering.
- Added search functionality.
- Designed reusable Android components.
