PERSONAL PROFILE

Organised and practical digital support candidate with experience helping teams manage simple technical tasks, digital files, and everyday system support. Confident learning new tools, following processes, and communicating clearly with colleagues across different departments.

WORK EXPERIENCE

IT Support Assistant — **Feb 2022 – Present**
Circuit Systems
Helped respond to simple support requests, organised digital records, prepared basic documentation, and supported colleagues with everyday system tasks including account setup and software access queries.

Digital Assistant — **Jun 2020 – Jan 2022**
Cloudlet Tech
Updated content, checked digital files, supported data entry tasks, and helped maintain organised online materials across internal platforms.

Office & Systems Support — **Sep 2018 – May 2020**
Streamline Systems
Provided general administrative and digital support, maintained filing systems, and helped onboard new staff to internal platforms.

TECHNICAL SKILLS

IT support | Helpdesk assistance | Account setup | Troubleshooting
System documentation | Digital records | User support | Process coordination

EDUCATION & CERTIFICATIONS

BTEC Diploma — Digital Skills and Business Support
Greenfield College
Completed 2018 · IT systems, digital communication, data management, and workplace support.

- Digital Skills Certificate
- Workplace IT Support Course
- Cyber Awareness Essentials

PROJECTS

Internal File Organisation Project
Reviewed and restructured a shared digital filing system across two departments, improving document retrieval and team accessibility.

Basic Website Content Update Project
Supported a small-scale content refresh, updating text, checking links, and ensuring all sections remained consistent and up to date.
